

From Conference Superintendent Michelle Cobbs about Church Conference request:

Pastor Craig,

This email is in response to your request that I convene a Church Conference at West Lafayette First United Methodist Church for the purpose of amending the current Governing Board structure.

Due to the fact that I am serving as the Interim Conference Superintendent, I will not convene such a church conference. As Interim, my responsibilities are to address those issues that are of a critical nature. The Church Conference is not a critical issue.

Pastor Craig, I suggest you make your request known to Conference Superintendent Chris Newman-Jacobs when she returns to the office.

Grace and Peace,
CS
Michelle
